CAREER OBJECTIVE

Dedicated Computer Science Engineering student with a strong interest in full-stack development and scalable applications. Seeking opportunities to apply technical and problem-solving skills to develop impactful digital solutions while contributing to meaningful projects. Eager to continuously learn and create innovative technological solutions in real-world environments.

EDUCATION

B.Tech in Computer Science and Engineering (CSE) | KLH University | 2023-Present | CGPA: 8.5

Intermediate Narayana College | 2021-2023 (Class 12th) | 93%

CBSE Central Board of Secondary Education | 2021 (Class 10th)

TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript, React.js, Responsive Design, UI Development

Backend & Databases: Node.js, Express.js, MongoDB, REST APIs, Data Management

Developer Tools & Version Control: Git, GitHub, VS Code, Project Deployment on Vercel

Core Concepts: Data Structures & Algorithms, Web Architecture, Software Design Patterns

FEATURED PROJECTS

HomeEase – Modern Home Services Platform

- Engineered a responsive home services booking platform with clean UI/UX focused on seamless user experience.
- Implemented user-friendly dashboards with intuitive booking flows and real-time status tracking.
- Built with HTML, CSS, JavaScript to deliver responsive experience across all devices and browsers.
- Live Demo: [homeease-delta.vercel.app](#)

Chit Fund Management – Secure Financial Platform

- Developed a secure web platform for comprehensive chit fund member management and financial tracking.
- Implemented features for payment processing, installment management, and automated financial reports.
- Designed database schema using MongoDB for efficient data storage and retrieval of member records.
- Live Demo: [dhanam-chits.vercel.app](#)

Premium Portfolio Website – Responsive Personal Brand

- Built a modern, fully responsive portfolio website showcasing projects and technical expertise.
- Designed premium visual experience with smooth animations, professional typography, and strong hierarchy.
- Implemented multi-page navigation with smooth UX across projects, certifications, and contact sections.
- Live Demo: [harsha-dev-space.vercel.app](#)

AI Analyzer – Intelligent Analysis Platform

- Built an AI-powered analysis platform that evaluates inputs quickly and presents clear insights.
- Focused on fast, actionable results to support smarter decisions with minimal manual effort.
- Developed and deployed the project using modern web technologies for a responsive experience.
- Live Demo: [ai-analyzer-cyber.vercel.app](#)

ACHIEVEMENTS & HIGHLIGHTS

- 15+ Projects Built | 8+ Tech Stacks Used | 100% Project Delivery Focus
- Expertise in End-to-End Web Development from Design to Deployment
- Strong foundation in Data Structures, Algorithms, and Software Architecture Principles

CERTIFICATIONS

AWS Cloud Practitioner Amazon Web Services (AWS)	2025
AWS AI Certification Amazon Web Services (AWS)	2025
RPA Certification Automation Anywhere	2024
MongoDB Developer MongoDB University	2024

LEADERSHIP & ADDITIONAL INFORMATION

Technical Contributor: Active open-source contributor and maintainer of personal development projects on GitHub.
